

The addition of our latest press allows direct-to-stock full colour printing of rigid panels and material up to:

80" WIDE & 1.75" THICK

This industrial-strength press uses UV-cured inks to provide durable, vibrant, high-resolution images for all of your important projects. And it's fast - allowing us to cost-effectively meet those critical deadlines. **This means a winning combination of quality, speed, value, and virtually endless possibilities!**

Ideal for your project:

- **Outdoor Advertising**
billboards, bus boards, transit shelters, vehicle graphics
- **POP & Retail**
banners, displays, decals, interior & exterior advertising, window graphics
- **Signs**
real estate & development, special event, construction hoarding
- **Architectural & Decor**
doors, wall panels, ceiling tiles, fabrics

Vast choice of materials:

- **Rigid Panels:**
PVC, polycarbonate, aluminum, corrugated cardboard, foamboard, styrene, polyester, glass, wood, ceramic, composite panels, coroplast...
- **Flexible Materials:**
papers, reinforced banner, self adhesive vinyl, textiles, wall covering, polyethylene...
