

Sign Installation & Work Shop

Posted November 1, 2013

The Opportunity ...

We are currently accepting applications for this energetic team player at Gorway. With a diverse set of abilities that will allow you to grow with our company, your responsibilities will include:

- installation of signs, displays and graphics - from small to large - both interior and exterior
- in-house production including a wide range of typical workshop equipment and processes
- ongoing general maintenance, organization and cleaning of workshop area and equipment
- package finished product for shipping / pick-up / delivery as required
- receiving product and materials
and more....

The Person ...

Being an organized, service-oriented person, you work efficiently in a fast paced environment, meeting deadline challenges that can change quickly. You are self-motivated, reliable and confident, but also accept direction and constructive criticism. Whether working in the shop or on job sites, you represent the company in a professional manner. You contribute your own unique qualities, skills and energy to our team, strengthening our ability to reach common goals.

The Qualifications ...

Working knowledge and comfort level with typical shop and installation tools, equipment and processes is necessary. This persons attention to detail and understanding of steps required to reach the finished product will help on both job sites and in shop. Understanding of CAD software and equipment will be an asset. Preference will be given to related industry experience. The successful applicant will be organized and have good communication skills and working efficiently on their own or in a group. A valid drivers license and clean driving record will be a requirement.

The Organization ...

Since 1989, Gorway has been delivering messages as varied as the clients we serve. With an emphasis on promoting our clients and their products, we are much more than just another sign or print company. We take projects from concept to completion, using the latest in technology and expertise. As you can see by looking through our online product gallery, we provide solutions to a wide range of business and industry, both locally and across Canada.

We place utmost importance on our Winning Team Spirit, and will continue to thrive and grow into the future with the right team players. If you think you have what it takes to be a part of our team, then we want to hear from you!
